MAKE YOUR DREAM COME TRUE

# FASHION DESIGN

**i** First semester – October January  
Second semester – February June

Fashion has always been strongly linked to cultural aspects, and has defined the way we show ourselves to the outside.

Students will work on projects that will place them in a professional situation, this way they will be prepared at the end of their studies to cope with the diversity of working opportunities such as fashion designer, accessories, stage clothing, etc ...

ESADA is an institution within the EHEA, young, vibrant and highly prepared to meet the challenges of current and future society. All of our programmes are official and regulated by the Spanish Government and the Regional Ministry of Education.

We train professionals and leaders in different fields of Design as well as Restoration of Cultural Property. Our students are effectively prepared for their insertion into an increasingly demanding labour market.

ESADA is leader in various fields such as:

- Betting in Project Based Learning (PBL) in all our degrees.
- Promoting innovation and research projects, which place us at the forefront of design schools in Spain.
- Offering an advanced English language programme throughout all the years.

All our efforts are focused to guarantee future employment for our students, this is our first priority in our educational project.

We are pleased to welcome international students to our centre.

We offer classes in Spanish, but from the second year onwards, all projects must be presented and submitted in English.
